

1. Enoch's Still

I was walking along through the warm summer rain, the fog was heavy on the hill
I saw an old man, he was trying to hide and he asked me if I could keep still

I'm not able to work, it's a proven fact
This little still I can run
It's kept me alive for many a year, it's kept me from being a bum
It's kept me from being a bum

Son I've made good liquor half of my life, and I wasn't born yesterday
So if you'll not tell them you saw smoke through the fog, from the welfare line I can stay

Chorus

2. Faded Rose

The time has come for us to part dear
The war I know, just can't take long
But if it does love, when I return, we'll make up for the time I'm gone

The time has long been since we parted
The tears I've shed, nobody knows
Now all I have left, although she loved me
From her grave, a faded rose

I just can't seem to understand it
Why I have to live so long
But when we meet love, up in heaven, I'll never have to sing this song

Chorus

3. Dreaming Of You

I can hear you calling me sweetheart, I can hear you calling me friend
I can hear you calling me sweetheart, darling only in my dreams

Someday when you find out that you need me
I hope I'll still feel the same
And darling please remember, a love is built from a dream

Once we were happy together
You promised to be mine alone
But now that I wake up each morning
I'm a memory of you and alone

Chorus

4. The Love I've Lost Today

It hurts to know you found another
It hurts to know that you don't care
And you'll never know the pain within me
Ohhhh it's hard to hide these tears

I'm livin a life filled with sorrow, since the day she went away
I'm looking for the love I'll find tomorrow, but I can't forget the love I've lost today

Someday I guess I'll find another
Someone who kind to take her place
But I know that I won't ever loved her, like the love I've lost today

Chorus

5. Hell Come The Night

Outside looking in was so different

Now I've thought it over and I find

That to wanna see the inside of a prison, a man would have to be out of his mind

Stop and think before you do it

Remember the law is always right

And a prison ain't so bad in the day time, but you'll find out their he'll come the night

Working did not fit my characteristic

So you see I started out to roam

Stealing here and there, and I really didn't care

Now it's too late to stop and think of home

Chorus

6. No Room In My World

The days are passing slowly
Thinking is all I do
When I think of how you hurt me
I find no room in my world for you

There's no room in my world
For the likes of you
I've loved you so much, you never were true
There's no room in my world
For the likes of you
It hurts my heart so, when I think of you

Once love lived here, we were happy
Now you're gone, I'm so blue
When I think of how you hurt me, I find no room in my world for you

Chorus

7. Are You Living Right

When Jesus calls will you be ready
Can you say you're in the right
If he comes tomorrow morning or just happen in tonight
Can you say you really love him, do you love him night and day
Or when Jesus calls upon you will you just turn away

Tell me, tell me, are you living right
Tell me, tell me do you love Him day and night
He may not come tomorrow but you best pray tonight
Tell me, tell me brother are you living right

The Lord said Hes coming and I believe He's right
Though it may not be tomorrow, or it may not be tonight
But if you wanna go to heaven, and I am sure you might, you must do a lot of praying
brother and be living right

Chorus

8. Her True Love Now Is Sleeping

One day while in the frisco yard, my daily walk a taking
The Trees's were green, the sky was blue, and all the birds were singing

Across the green and there I see, a fair young maiden weeping
The tears she shed were for the dead
Her true love now is sleeping

I placed her hand so soft in mine, and brushed the tears aside
She gently smiled and said to me, love no other can I

Chorus

9. Bonnie Goodbye

Goodbye Bonnie, goodbye

Goodbye Bonnie, goodbye

Goodbye don't cry, then you'll spoil your eyes

Goodbye Bonnie, goodbye

I'm goin out west in the fall, I'm goin out west in the fall

Oh I'm goin out west where the times are best

Chorus

My trunk is packed and I'm gone, my trunk is packed and I'm gone

Oh my trunk is packed and I ain't comin back

My trunk is packed and I'm gone

Chorus

10. Home

I've been traveling around the country ever since I can remember
And the people that I meet, they treat me fine
Any place you see me goin, chances are that I've done been there
And when I need a little piece of mind

I go home, home
Where the mockingbirds are singing a pretty melody
Home, home
Where nothing short of heaven's waiting there for me

Picture the morning sun, a white rail fence, or watch the meadow glisten
There's a newborn baby calf down in the barn
Have your morning cup of coffee in the country air, oh listen
It's a hundred million miles away from home

Chorus

11. Kiss Me Once and Go Love

You say love is why you're leaving, I say love is why you should stay
But I know you must really want him, I just hate to see you walk away

So kiss me once and go love
Don't say goodbye
And if you don't take too long dear, you won't ever get to see me cry

And when he has turned you down, and the time I know won't be long
Remember I still love you, and I will always be around

Chorus

12. Just A Poor Country Boy

I could promise you the world and all its riches
I could promise you things you would enjoy
But I'd rather win your love, with you knowing the score
I'm just a poor country boy

I'm just a county boy but I love you
I'm just a poor country boy
I could promise you dreams, that would not come true
I'm just a poor country boy

This love in my heart is for you dear
It's one that I know you will enjoy
As long as you can remember my darlin, I'm just a poor country boy

Chorus

13. Jesus Broke The Bonds

When I was living in doubt, Jesus came along and he brought me out
He showed me the light so I could see, Jesus broke the bonds for me

Jesus broke the bonds for me
Jesus broke the bonds for me
Jesus broke the bonds, he saved me soul, and set me free
Jesus broke the bonds for me

Now I can feel him in my soul
And I thank Him for making me whole
I know that He hears my every plea
For Jesus broke the bonds for me

Chorus

14. Take Me Back To Kentucky

When just a boy, the place I recall where I rambled around through the woods
It may not sound like very much to you, but I'd go back there if I could

Take me back, take me back, take me back to Kentucky
When I die let them know where I want to go, take me back to Kentucky

There's places I've been and things I have seen, but I still feel I am lucky
To know when I'm done and my time has come, I'll be at rest in Kentucky.

Chorus
